

JEWISH CENTER OF NORTHWEST JERSEY (JCNWJ)
CEMETERY EXPLANATORY DOCUMENT

The JCNWJ has an agreement with the Easton Cemetery (EC) of Easton, PA that gives the JCNWJ certain control and exclusive rights to a specific section of the cemetery.

The JCNWJ bylaws and Cemetery Committee rules and regulations govern how JCNWJ will administer those rights in respect to all aspects of sale, interment, and control of that area of EC. These bylaws and rules and regulations are attached to this syllabus and are to be considered a portion of this document.

The cemetery area designated for exclusive use by JCNWJ is organized in such a fashion that a portion is assigned for only persons of the Jewish faith, and a separate section is provided for persons of the Jewish faith as well as persons not of the Jewish faith.

Purchase of graves or plots of six graves may be made from JCNWJ or EC dependent on whether the vacant grave or plot is owned by JCNWJ or EC.

The cemetery has been created to provide suitable burial grounds for JCNWJ congregational members and their immediate families (spouse, child, or parent). A purchaser must be a member in good standing of the JCNWJ congregation.

The price of the grave or graves is determined by the JCNWJ Cemetery Committee for graves owned by JCNWJ and by EC for graves owned by them.
